

6" X 8" DKX M3 BALLISTIC SIDE PLATE *Level III Armor*

REV071822

Protect yourself and save lives!

The DKX M3 (MAX III) Series ballistic plates are NIJ 0101.06 level III with special threats certified stand-alone. The M3 also stops special, non-armor piercing threats, such as the Winchester Ranger and 7.62x39 MSC. The positive buoyancy of the M3* plates provides users in waterborne or maritime environments added support and flotation, while a rigid polycarbonate backing gives superior blunt force trauma protection. Each DKX M3 Series plate* comes equipped with Radio Frequency Embedded Verification (RFEV) tracking for inventory management along with an industry first 7 year manufacturer warranty.

**Applies only to certified plate sizes.*
