

NAR RESPONDER BALLISTIC PPE CUMMERBUND IIIA *Small*

REV071522

Protect yourself and save lives!

The practical Fire/EMS solution for personnel in active shooter and mass casualty incidents with an emphasis on integrating Tactical Emergency Casualty Care. This lightweight and comfortable cummerbund was developed for Fire/EMS for daily wear as well as RTF. The smaller cummerbund is designed to decrease bulk and unnecessary ballistic overlap for smaller providers while still providing maximum coverage/protection, this increases comfort to the provider for extended wear, same advanced ballistic protection as the NIJ level IIIA armor package utilized in the vest, allows custom fit for smaller to medium sized providers, and provides multiple MOLLE attachment points.

NIJ 0101.06 IIIA soft armor that has been special threat tested for advanced ballistic threats including fragmentation.

Now more than ever, your personal safety is paramount in the performance of your duties. Wearing ballistic protective equipment (BPE) is one of the best ways to help protect yourself in a violent environment.

Specifications:

- Enhances comfort for daily wear
- Reduces ballistic overlap and bulk
- Increases fit and comfort for smaller care providers
- Maximum Waist Size: 52"
- NIJ 0101.06 IIIA material with additional special threats

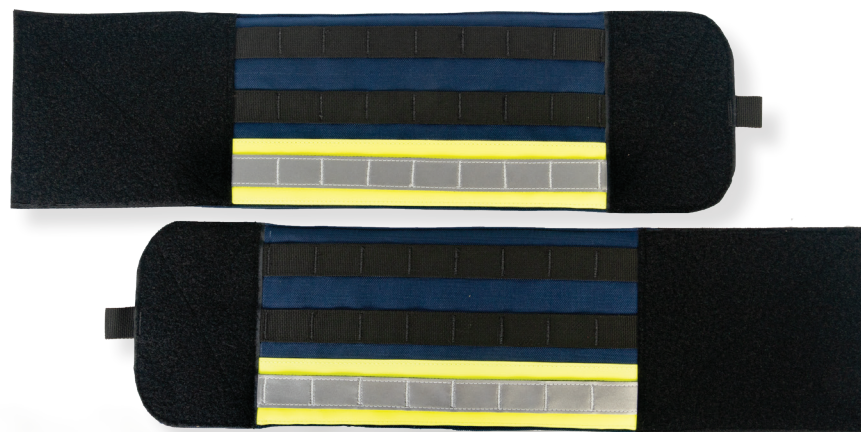

Dimensions:

- L 22 in. x W 6 in. x D 0.5 in.
- Maximum Waist Size: 52"
- Weight: 1.71 lbs
