

SUPERTOOL 300 by Leatherman®

RESCUE

Heavy-duty All Purpose Multi-Tool Featuring 19 Devices in All...

North American Rescue is proud to offer the award-winning SuperTool 300 from Leatherman®, the industry leader in application-driven, quality-made multi-tools for the last 30 years.

Designed specifically for the working man/woman, the SuperTool 300 features large pliers, standard, hard and regular wire cutters, a total of 19 tools in all.

Leatherman thought of everything in the design and functionality of the SuperTool 300. With large pliers (some of the strongest ever produced by Leatherman), sloped-top handle design for maneuverability in tight spaces, large side cut-outs making it easy to access all the tools even with gloves on, and rounded/rolled handles for a super comfortable grip the Super Tool is ready for the toughest jobs.

Coated with black oxide (a powder-based metal coating) ideal for tactical situations where giving away your location could be costly, the SuperTool is ready to go with - wherever that may be.

Also includes a black MOLLE Sheath and is all backed by Leatherman's 25 Year warranty.
