

DKX LEVEL III RIFLE PLATE

Most Innovative Ballistic Technology...

The DKX Level III Rifle Plate provides Level III Certified NIJ 0101.06 compliant hard plate protection measuring 10 in. x 12 in. while weighing only 2.9 lb.

Made of a proprietary blend of ballistic materials that provides the most innovative ballistic technology available and comes with a 7-year warranty. The plate is extremely lightweight and is buoyant (floats) yet it is also ruggedized so that it is drop resistant and does not require x-ray examination if dropped like some ceramic plates.

Provides First Responders with a stand-alone Level III hard armor plate for situations calling for a higher threat level protection. Designed to easily fit into the Rescue Task Force Vest Kit.

Features:

- Level III Hard Plate Level III NIJ 0101.06 Compliant
- Multi-Hit Capable
- One of the lightest hard armor plates on the market
- 7-year warranty
- Rugged, drop resistant plate that does not require x-ray examination
- Radio Frequency Embedded Verification (RFEV) for reliable item identification, lifecycle and inventory management

Dimensions:

- H 12 in
- W 10 in
- D 1.1 in
- Weight: 2.9 lb
